5. We are thinking about going to Colusa again this year. (A man told my uncle this) We hear that the man says they have fixed up the house a little. That is good because they were very bad. Lots of cracks, many mosquitos and flies. Rest rooms dirty
6. I ~~manxt~~ helped my father shake trees. Boxes had to be rounded full. I made about 30 boxes when I went fast.
7. In the prunes we got up about 5:30. I helped my mother with breakfast. 6:00 to orchard. Unless no boxes we worked untill about 12. Generally took an hour four lunch. Worked again untill six. Sometimes after supper untill dark.
8. Almost all the time in strawberries there were no rest rooms or water to wash hands. Hour of work were generally from 7 to five.
9. We are going again. I dont mind the work itself so much but the thing that I dont like is that we have to work so long and and at such fast steady rate to make aby any money, but even then it is not too much. But most of all I dont like the mosquitos and the flies, the dirty rest rooms, and sometimes none, and the small hot cabind.
